## About Me

---

I am a military IT specialist with eight years of experience in a hospital IT department, focusing on helpdesk support and systems/network administration. Driven by a passion for technology and its potential, I successfully completed a Bachelor's degree in Applied Informatics while working in the military and I am currently pursuing a Master's degree in Applied Informatics, specialized in Software Development & Cloud. I am committed to continuous learning and enthusiastic about advancing my career in Software Engineering.
